

Swear Blanket

Swear Blanket-Word for Word

What you need:

- ANY brand worsted weight #4 in colors **Blue 1523yds**, **Pink 1498yds**, **Grey 692yds**, **Yellow 994yds**, **Green 1371yds**, **Purple 1523yds**
- 5mm hook
- Yarn needle
- Patience
- Sense of Humor

Abbreviations Used:

BOB-Bobble Stitch
SC-Single Crochet
YO-Yarn Over
Ch-Chain

This Afghan is made using the Bobble Stitch and Single Crochet following row by row instructions.

Single Crochet

1. Insert hook into chain/stitch.
 2. YO, pull through stitch
 3. YO, pull through 2 loops on hook
- Single Crochet Complete

Bob: Bobble Stitch-

1. Yarn Over (YO), insert hook into stitch and pull up a loop. YO, pull through two loops.
2. Repeat number one in the same stitch/space until you have a total of 6 loops on your hook.
3. YO; pull through all 6 loops at once. (It helps to keep this part a bit tighter than the rest.

Bobble made! When working a project from one of my patterns, it isn't necessary to compare and go back and forth from the written to the graph; both sets of instructions will provide you with everything you need to complete the project.

After Completing all blocks, sew together using whip stitch following layout in graph.

To END project, add a fancy border of your choosing.

When doing a project from one of our patterns, it isn't necessary to compare and go back and forth from the written instructions to the graph. Both sets of instructions have what you need to complete the project. For the written part, you simply follow the instructions row by row. You read each row from left to right, just as you would read a book. For the graph, start in the bottom right corner and work from right to left and bottom to top.

If you have ANY questions regarding the pattern, please feel free to contact me on ETSY at [TheCrassCrafter](#)

Row 31 :PurpleSCx44,END

A 40x30 grid visualization of a 2D function. The grid is divided into four quadrants by a vertical red line at x=20 and a horizontal red line at y=15. The function values are represented by a checkerboard pattern of dark purple and light purple squares. The pattern is more complex in the central regions, showing diagonal and curved features. The x-axis is labeled from 0 to 40 in increments of 10, and the y-axis is labeled from 0 to 30 in increments of 10.
